#### Four Compelling Reasons

Why You Should Have in Your Home Only a

## BOHN SYPHON REFRIGERATOR

- 1 The Bohn Syphon System keeps the cold, dry, pure air circulating rapidly, preventing condensing of moisture, mingling of odors and settling of impurities upon the food. The drain is in front, instantly removable without disturbing the food, so it can be cleaned thoroughly every day.
- 2 Lowest temperature of any refrigerator ever built, due to the Syphon System of rapid air circulation and to the scientific construction, with "Flaxinum" insulation in walls and doors. Practically all dining cars (a severe test) use Bohn Syphons.
- 3 Lining of genuine porcelain fused into steel, single-piece and round-cornered, easily cleaned by wiping with a damp cloth. Very different from painted tin, sometimes called "porcelain-enamel."
- 4 The scientific construction of the Bohn Syphon, famous throughout the world, makes it a great ice saver. Think what this will mean next summer, with price of ice probably the highest ever known; then multiply your saving by the years you will use your Bohn Refrigerator, which will last a lifetime.

#### Mayonnaise Dressing

- 1 cup Mazola 1/2 teaspoon Sugar
- 1 Egg Yolk 1/2 teaspoon Salt
- 3 tablespoons Lemon Juice or Vinegar
- 1/2 teaspoon Paprika

Add well mixed seasonings to egg, with one teaspoon lemon juice or vinegar and beat well, adding one teaspoon Mazola at a time until mixture thickens, after which the Mazola may be added more rapidly. Thin with lemon juice or vinegar when necessary.

## MAYONNAISE

you ever tasted

AND YOU CAN MAKE IT YOURSELF—READ HOW

EVERYBODY likes mayonnaise. But the best mayonnaise is the kind you make yourself at home. Some housewives think mayonnaise is difficult and troublesome to prepare.

Look over the Mazola recipe here and see how simple it is.

Take the can of Mazola you now have or get a can from your grocer and follow this recipe carefully. You will be delighted with the results.

Mazola-made mayonnaise is always firm and will keep longer without separating.

Likewise for other dressings, such as French Dressing, Mazola is not only the preference of those who know salad oils, but you don't need to worry about using Mazola liberally.

For, as there are no heavy ocean freight rates or import duties to pay, it is much less expensive than imported olive oil.

Mazola never gets rancid, in any climate or temperature. So you do not need to keep it in the ice box.

A Friendly Hint: Be sure to always have a can of Mazola on hand.
